

Destination in sight

Earn your aviation management degree at Lynn University and get ready for a thrilling experience. In this program, your studies will focus on the core business structure of the aviation industry. You'll learn to manage and maintain operations, while also keeping an eye on the future of the business. You'll become familiar with the finances, scheduling and regulations that affect the decision-making process for an aeronautics professional.

Note: Aviation operation students are not eligible for any Federal Aviation Administration (FAA) certificates through Lynn University. Students can earn their FAA certificates on their own at a local flight school.

Aviation management degree information

- The core business structure of the industry, including the principles of management and leadership
- Business analytics, innovation, economics, financial reporting and marketing
- Aviation history, operations, global aviation regulations and laws, and aviation technologies

“As an instructor and teacher, both on the ground and in the airplane, watching the lightbulb turn on for my students and see them succeed is a very gratifying experience for me.”

David Cohen, dean of the College of Aeronautics

About Lynn

Lynn University is one of the nation's most innovative and global universities. Located in Boca Raton, Florida, alongside booming business centers and beautiful beaches, we are focused on one thing, **preparing students for success.**

Our professors concentrate on the art of teaching – making good students great and great students remarkable.

Our award-winning iPad®-powered learning puts a transformational learning companion into the hands of students.

And our graduates? They've gained the intellectual flexibility and global experience to take the lead in an ever-changing world.

We are focused on one thing: Preparing students for success.
