

Inspire through education

Earn your early childhood education degree and learn the importance of early literacy development for infants and their families and young children up to third grade. As a student of this early learning program, you'll have internship opportunities to better help define professional goals. In this program, you'll learn early literacy development, and also learn innovative iPad techniques for instructional strategies and assessments.

As an early childhood education major, you'll combine theory with practical applications and understand both the physical and emotional development of babies, toddlers and preschoolers. While working with early learners, you'll observe different types of early learning communities—daycare centers, preschools, elementary schools and early learning centers. Plus, you'll network with key influencers and explore how to implement current technologies to supplement your future approach to teaching and learning.

Early childhood education degree information

- Innovative real-world teaching strategies
- Skills to support students emotionally, physically and socially
- Child screenings, assessments and parental involvement strategies

“Entering kindergarten is a monumental milestone. Our mission is to support families with the proper online educational tools that are both fun and educational.”

Erin Elder, Lynn Early Learning Academy coach

About Lynn

Lynn University is one of the nation’s most innovative and global universities. Located in Boca Raton, Florida, alongside booming business centers and beautiful beaches, we are focused on one thing, **preparing students for success.**

Our professors concentrate on the art of teaching – making good students great and great students remarkable.

Our award-winning iPad®-powered learning puts a transformational learning companion into the hands of students.

And our graduates? They’ve gained the intellectual flexibility and global experience to take the lead in an ever-changing world.

We are focused on one thing: Preparing students for success.
